Sept 2023

IN THIS EDITION

* Welcome
* Stock arrived
* New Products
* New Workers
* 100 Years of Farmall
* On-line Shop
* Pricelist-Updated
* The Usual Stuff

Hello readers, as we head into the uncertainty of the next season, please know that you are in our thoughts. Our leader, Colin, was a 4th generation farmer prior to starting BPR Engineering PTY LTD, then Aricks Australia, he is all to familiar with the up's and downs of farming and keeps us all in check.

Fingers crossed for a good season and kind weather forecast.

Mudsmith Spoked Gauge Wheels are back in stock (again)

Our next shipment of Mudsmith Gauge Wheels have arrived.

Limited quantities available of both 3" and 4½" Complete Spoked Gauge Wheels.

We also have Mudsmiths new Gauge Wheel Tyres in stock both 3" and 4½".

Interchangeable with JD rims

Our new batch of Mudsmith Gauge Wheels have 20% increase in the lifespan of their tyres.

Sept 2023

New Products

Universal Seed Boots, are you having trouble with JD's Pro-Series Seed Boots blocking? We have developed a new seed boot to fit both 90 and Pro Series JD Openers. Based on our extended wear 90 series seed boot, our new universal version has kept the wide seed tunnel and the shouldered bolt design. Using the same extended wear casting materials, we think you'll be very happy with this new product. Limited stock available.

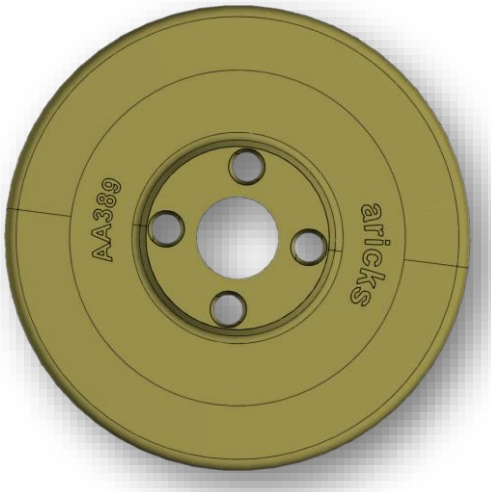
AA24R – Right hand

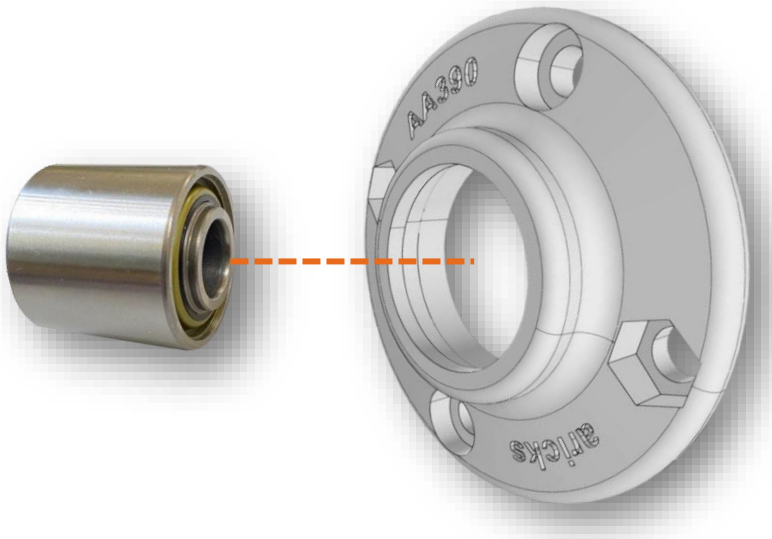
AA25L – Left hand

Aricks Press wheels

Coming Soon - Fingers Crossed

Equipped with a wide body hub our new Press Wheel will take the 5203 bearings also found in the gauge and closing wheels. Made from tough Polyurethane, and slim enough to fit the seed slot.



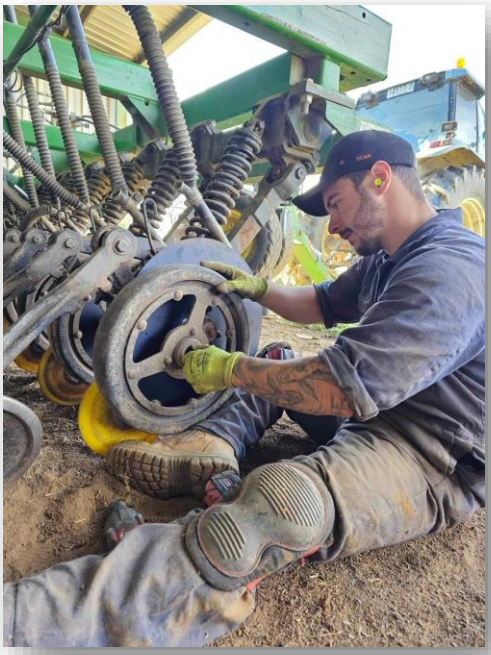


Sept 2023

Aricks Gauge Wheel Mud Scraper

Hoping to have this little project alive and kicking in the coming months.
Far left picture, mud buildup between the tyre and rim causes excessive wear on gauge wheel tyre lip.
With the addition of a scraper, pictured adjacent, reduce the potential for wear and keep those gauge wheels spic and span for acres to come.

Meet Miles, Glen & Aart (again)



Miles comes to us from the UK where he works as an Electrician. He is currently working in our onsite maintenance and assembly areas alongside Glen and Aart. Glen has a long history in the Forestry Industry in and around Beechworth and has a wealth of Mechanical and Industrial experience. And then there is Aart (Dutch), who worked for us earlier in the year before heading off to continue his Working Holiday adventures in Australia. Aart missed us terribly and has now come back to join the Aricks family once again. We are very happy to welcome him back too.

Sept 2023

Inverell NSW 100 Years of Farmall

Colin and Logan recently participated in the 100 years of Farmall celebrations in Inverell NSW. The event attracted many a Farmall Collector from across Australia and culminated in a Guiness World Record for the Largest Parade of Farmall Tractors. Two of the Wemyss Tractor Collection are on display in the foyer at the Corowa O'Connors Branch.

Parts Range

We are slowly increasing our aftermarket product range to help make your machine as reliable as we can. We don't intend to stop there either. If you have an issue with the longevity of a JD product on your 1590, 1890 or 1895, let us know and we will see if we can help.

We all get our fair share of unwanted emails and its annoying, so if you do not wish to receive our newsletter, please reply to our email with the words UNSUBSCRIBE.
